**Business arising from the minutes**

Nothing.

**Recommendations**

**Enterprise Resource Planning System**

Director Soule commented that this information had been previously brought to Trustees at the Closed Budget Meeting of April 20, 2010. Senior ITS Officer, Matt Norton,

referred trustees to Report B-1 and explained that this would be a two phase process which would see the implementation of the new Financial system by August 31, 2011 and the Human Resources/Payroll/Benefit system tentatively scheduled for January 1, 2012. The benefits and efficiencies of the new system were compared to current processes. The new system is built on the board standard, Microsoft SQL platform, and satisfies one of the Operational Review recommendations. It is proposed that the one-time cost of \$561,398 would come from reserve funds.

**Moved:** H. Marissen

**Seconded:** M. Hall

**That the Budget Committee recommend to the Board that the Enterprise Resource Planning System move ahead as discussed in Report B-1 with expenditures of approximately \$600,000 coming from the reserve funds, phased in over two years.**

**Moved:** S. Clements

**Seconded:** T. Goodfellow

**To postpone consideration of this motion definitely, until the conclusion of this meeting.**

**Carried.**

#### **Information**

##### **Revenue summary**

Superintendent Rutherford reviewed the Comparative Revenue Summary which compared changes between the 2009-2010 forecast and the 2010-2011 budget. Although grants have increased, much of the increase is attributable to the Provincial Discussion Tables funding. Superintendent Rutherford responded to trustee questions regarding the changes.

##### **Expenditure summary**

Superintendent Rutherford discussed the Expenditure Summary highlighting major changes that had been identified. Questions from trustees regarding specific expenses were discussed.

##### **Impact of grant reduction**

Superintendent Rutherford advised that the net financial impact of grant reductions is estimated to be \$1.8 million. To balance the 2010-2011 budget will require the use of expenditure reductions and reserve funds. Other cost saving measures will be discussed in closed session. Trustees were reminded that because declining enrolment will continue, the Board will need to continually evaluate services and programs as we move forward.

##### **Budget risk management**

During a review of the Budget Risk Management report, Superintendent Rutherford identified processes that have been put in place to help mitigate potential risks around enrolment projections, retirement costs, sick leave costs, utility and fuel costs and the Early Learning Program. Questions regarding the Early Learning Program funding and costs were discussed.

The following motion was reread to the trustees:

**Moved:** H. Marissen  
**Seconded:** M. Hall

**That the Budget Committee recommend to the Board that the Enterprise Resource Planning System move ahead as discussed in Report B-1 with expenditures of approximately \$600,000 coming from the reserve funds, phased in over two years.**

**Carried**

**Correspondence**

None

**Next meeting**

The next budget meeting has been scheduled for June 14, 2010 at 4:00 p.m.

**Adjournment**

The meeting adjourned at 5:25 p.m.

## 2010 – 2011 BUDGET

### Changes to Financial Accountability, Budgeting and Reporting

Recent legislative changes to the financial accountability sections of the Education Act will ensure that school board financial reporting and budget compliance conforms to Public Sector Accounting Board (PSAB) standards.

Significant changes include:

- Updating budget compliance to PSAB
- Accounting Treatment for Capital Funding (Deferred Capital Contributions)
- Wrap-up of the Capital Funding Model

#### Updating Budget Compliance to PSAB

The financial management strategies that school boards had available to them in the past will remain, however in some cases terminology will change. Reserves will either be included in the Accumulated Surplus (summation of prior year surpluses) or treated as deferred revenue (revenues with an external restriction). The Accumulated Surplus can be internally restricted and tracked by the board just as reserves were in the past.

School boards are still required to pass a balanced budget, although there are circumstances where an in-year deficit is permissible if there is an accumulated surplus. The draw on the accumulated surplus is limited to ensure that it does not place the board at undue financial risk. To ensure deficit management practices are sustainable, in-year deficits cannot exceed the lesser of:

- The board's Accumulated Surplus for the preceding year, and
- One per cent of the board's operating revenue.
- Carrying a deficit larger than this amount will require approval of the Minister of Education.

#### Accounting Treatment for Capital Funding

PSAB currently requires that boards recognize the value of their Tangible Capital Assets (TCA) and the amortization of those assets will appear as an operating expense. This new accounting treatment will ensure that capital assets and related funding do not distort how a board's financial position is presented. Surpluses and deficits should not be created from building a school that is fully funded.

#### Wrap-up of the Capital Funding Model

The New Pupil Places grant (NPP) which is used to finance new school construction and major renovations will be wrapped up and replaced with a debt support grant that does not fluctuate with enrolment. The wrap-up will be implemented through a one-time grant that recognizes all the existing capital debt as of August 31, 2010. The grant will flow to boards over the remaining term of their existing capital debt.

## 2010 – 2011 BUDGET

### Budget Compliance

#### Balanced Budget

School boards are required to have balanced budgets which requires total spending to be equal or less than total revenue. There are circumstances where a deficit is permissible if there were prior surpluses (Accumulated Surplus).

The draw on the accumulated surplus is limited to:

- the board's accumulated surplus for the preceeding year, and
- one percent of the board's operating revenue.

To carry a deficit greater than this amount would require approval of the Minister of Education.

#### Balanced Budget Determination

1.0 2010-2011 In-year Surplus/(Deficit)	\$ (508,812)
2.0 Operating Revenue	\$ 170,336,258
1%	\$ 1,703,363
3.0 Accumulated Surplus August 31, 2010	\$ 7,657,000
4.0 Since the \$508,812 in-year deficit is less than either 1% of the operating revenue (\$1,703,363) and the accumulated surplus at August 31, 2010, the board is in compliance.
