

POLICY AND PROCEDURE MANUAL

POLICY - INTERNET USE

2000, April 25

1. The Board will provide access to Internet resources for student and staff use.
2. The Board will provide teacher and curriculum resources in support of Internet use in program.
3. The Board will establish rules for appropriate use of Internet services.

DEFINITIONS: "Internet" in this document is defined to include local and wide area Board networks as well as external regional and global networks.

"User" in this document refers to any student, staff, Trustee, volunteer, or community group who uses the Board's Internet services.
