

From the Pen of Parker - December

Welcome to the holiday season!

We have finally finished our culminating activity for Rules, Relationships, and Responsibilities. Students handed in their accordion book on a person in the school last week. Friday I got a look at students "I Can Make a Difference" plans. I am very excited about the projects they have chosen. Our new unit in science will be States of Matter (hopefully we will get a dump of snow and be able to do a mini unit on snow). Below are a list of other areas of study we will be covering.

Reading

Describing elements of a story

Writing

Claim Writing (voice)

Math

Addition and subtraction

Science

States of Matter (solids, liquids and gas)

Art

Holiday Crafts

Music

Beat & Rhythm, Holiday songs from here and around the world

Dates to remember:
